RUMOR ASSASSINATION OF KING GEORGE V

REPORT WAS CIRCULATED IN LONDON THIS MORNING BUT SOURCE IS UNKNOWN.

DECLARED UNFOUNDED

Dispatch from Delhi Reports That Royal Program Was Carried Out As Announced Previously.

London, England, Dec. 15.—A vague rumor that King George had been assassinated at Delhi, India, spread like wild fire through London this morning. Nobody knew where it originated, but it created immense excitement in the city.

This was allayed only when a dispatch from Delhi, dated 11:45 midday, was received, simply announcing the carrying out of the royal program and not mentioning any incident of this character.

The reports of lights in the Delhi camp had been so greatly exaggerated and the dissemination among a small section of the Indian natives had been brought so prominently to public notice in the newspapers recently that Britain was prepared for almost anything that might happen during the sojourn of the King-Emperor in India.

Official at the Indian office could not account for the rumor. They had no information of an incident of any kind, and declared that the fire which occurred last night in a tent close to that of the King, was of slight importance, and was of a purely accidental nature.

Rumor Unfounded. As far as it is possible to ascertain, the totally unfounded rumor of the assassination of King George at Delhi, was started by a local telegram sent to a newspaper office late last night inquiring if there was any truth in the report that the sender had heard of the assassination of the King.

WILL STAND TRIAL FOR TRIPLE MURDER

Boonville, Ind., Dec. 15.—The people of this section of Indiana are looking forward with great interest to the opening on next Monday before Judge Roberts of the trial of William Lee, charged with the murder of his father, Richard Lee; his mother, Emile Lee and his brother, Charles Lee. It is stated upon reliable authority that the prosecution as well as the defense are fully prepared for the trial and no postponement or other delay of the proceedings is expected.

The crime with which William Lee is charged, was unusually brutal and heinous. The murderer, who has fully confessed his deed, is a young man of twenty-one years. His father was a fairly well-to-do farmer near Boonville. It is said that there were frequent quarrels over money matters between William Lee and his father and that the young man was considered the "black sheep" of the family. The young man was engaged to the daughter of a farmer in Newburg, not far from here, and was to be married on August 21, last. On the evening before the day set for his marriage William Lee returned from Newburg, where he had made preparations for the wedding, and came to see his father. It is believed that a quarrel arose over the amount of money which William Lee claimed as his share in the sale of certain property owned by the family.

What actually happened in the home that night can merely be conjectured. Whether William Lee committed the murder in a fit of rage or whether as he claims, he merely acted in self defense may or may not be definitely proved during the coming trial. The prisoner admits that he killed his parents and his younger brother by crushing them saturated the bedding and the carpets with a small hatchet. Then he hid with a knife and a bottle of kerosene and waited for a burning match. After the fire had gained a good start, William fully dressed and with all the money he could find in the house safely in his pocket, left the house and gave the fire alarm. The firemen reached the scene of the fire soon after they had put out the flames the unmistakable evidence of murder found by them led to the arrest of Lee.

At first he denied the deed and as there was a strong feeling against him he was taken to Evansville for safekeeping. Later William Lee confessed his deed, claiming however, that his father and the other members of his family had threatened to kill him and that he had merely acted in self-defense. Lee's parents and brother were insured for more than \$600 and as William, being the closest blood relative, was entitled to the insurance money, Judge Roberts refused to appoint counsel for the defendant.

KAMLOOPS PLANS TO CELEBRATE FOUNDING

British Columbia City Founded By Pacific Fur Company In 1812. Governor General to Attend.

Kamloops, B. C., Dec. 15.—The preliminary preparations for celebrating the centenary of the founding of Kamloops in 1812 by the Pacific Fur Company, are now well in hand. The Royal Highness the Governor General, Lord Birmingham and other noted personage are expected to attend the opening ceremonies which will take place in September of next year and will usher in the festivities extending over an entire week.

The early history of Kamloops has been established at Astoria by the partners of the Pacific Fur Company, one of their number David Stuart, made an exploring tour to the Kamloop country in the fall of 1811. Finding the district offered a lucrative field for trading he so reported upon his return to Astoria and at a meeting of the company, the first to be held at Astoria, early in 1812, Stuart was authorized to establish a trading post between Fort Okanagan and New Caledonia, where the North West company had posts.

Before proceeding in this task Stuart sent Alexander Ross upon a trading excursion. Ross followed the route taken a few months earlier by his superior and arrived at "Camelclop," as he named the Indian village at the mouth of the North Thompson river. Later he retraced his steps and on August 24th David Stuart in his turn went to Kamloops and carried out his instructions to build a fort. Soon after that the North West company established a post at the same place, in charge of a clerk in the service named La Ronge. This was the beginning of Kamloops, founded by the same men who established Astoria at the mouth of the Columbia. Its growth, leading to the settlement of the interior of the province, and fully warrant an elaborate celebration of the city's centenary.

COURT TO RULE ON THUMB PRINT MARKS

Decision of Illinois Court on Validity of Such Evidence Determines Fate of Convicted Murderer.

Springfield, Ill., Dec. 15.—One of the most important and interesting cases to come before the Illinois supreme court, in which the docket call was commenced today, is the appeal in the case of Thomas Jennings, the negro convicted in Chicago and sentenced to death for the murder of Charles D. Miller, a clerk of the Rock Island railroad. Miller was shot in his home on the night of September 18, 1910, while defending his daughter from an intruder who had entered through a bedroom window. In the scuffle the intruder was shot through the hand and in making his escape he left bloody finger prints on the balcony rail. The section of the rail was cut out and held by the police to assist in the identification of the murderer. Jennings, an ex-convict, was arrested on suspicion and was convicted of the murder. His conviction was brought about almost wholly by the finger-print evidence. A day or two before he was to be executed his attorneys obtained an appeal in order to have the supreme court pass on the validity of the finger-print evidence. It is said to be the first case of this kind ever carried to the higher courts.

GIRL CONVICTED OF FORGERY SENT TO REFORM SCHOOL

An Edgerton Girl Found Guilty of Forging Checks for Small Amounts in Justice Court.

Edgerton, Dec. 15.—Matthe Kock, a young lady of this city, sixteen years of age, yesterday pleaded guilty in Justice North's court to the charge of forging a check and was committed to the Industrial School in Milwaukee until she becomes twenty-one years of age. On November 17, last she forged a check for \$8.50, bearing the signature of Miss Florence Child, the same being cashed at Stappenbeck's drug store. On discovery of the forgery, the officers put her on parole.

Last Tuesday another check forgery was discovered, this time for \$5.75, bearing the signature of Beaulieu Coen, and this check was also cashed at the same drug store. It, however, she made good by paying the face value at the bank. For some time she worked as a domestic for a family in this city and there, it is alleged, she also helped herself to articles which she never returned. That the officers were intent with her for wrongdoing is certain, they being determined to give her all the chance possible to prove her innocence. Even the father, after going all in his power, gave in and is perfectly willing to abide by the decision of the court. The young girl was girl conveyed to the Milwaukee institution this morning by Chief of Police Dunn.

CHRISTMAS RUSH AT POST OFFICE BEGINS

Promises to Equal That of Former Years in Spite of Prediction Made to Contrary.

Chicago, Ill., Dec. 15.—The Christmas rush at the Chicago post office is approaching high tide, and it is already apparent, despite the doleful theory of many merchants that the high cost of living has reduced the public generally to the purchase of necessities only, that all records will be broken this year in the volume and value of holiday presents sent by mail. The bulk of the excess of Christmas matter so far is in the foreign mail division, but next week the clerks will be working day and night in their struggle to keep up with the avalanche of domestic mail. During the present week the foreign-bound residents of Chicago have sent tens of thousands of money orders to gladden the folks in their old homes in Italy, Ireland, Germany, Scandinavia and other parts of Europe, to say nothing of Asia and Africa.

Chicago, Ill., Dec. 15.—The Christmas rush at the Chicago post office is approaching high tide, and it is already apparent, despite the doleful theory of many merchants that the high cost of living has reduced the public generally to the purchase of necessities only, that all records will be broken this year in the volume and value of holiday presents sent by mail. The bulk of the excess of Christmas matter so far is in the foreign mail division, but next week the clerks will be working day and night in their struggle to keep up with the avalanche of domestic mail. During the present week the foreign-bound residents of Chicago have sent tens of thousands of money orders to gladden the folks in their old homes in Italy, Ireland, Germany, Scandinavia and other parts of Europe, to say nothing of Asia and Africa.

STORY HOUR PROVES BOON TO CHILDREN

Given Acquaintance With Classic Tales And Myths That Every Child Should Know—Parents Appreciate. The story hour conducted every Saturday morning at ten thirty in the Public Library building by Miss Agnes Buckmaster, proves a real boon to the hundreds of children who attend. They are not only entertained in the best possible way, and trained in the art of close attention and quiet deportment but given the best possible introduction to good literature; an acquaintance with the classic myths, legends, and fairy-tales which should be the birth-right of every child. Imagination is much more active in the child than in the adult, not only because it has the leisure for reflection, but because it is its nature to weave fancies. In its development it passes through stages equivalent to those passed by the race,—savagery, barbarism and civilization. Man in the first stage, when his fancies dwell upon his fears, developed a worship of evil spirits and monsters; when they were turned toward his hopes, and that which was beautiful he began to progress toward the good, and passed through barbarism into civilization. The stories a child's imagination feeds upon are very effective in determining what kind of a bent his character will take; they determine its standard of virtue, of heroism, and conduct. For this reason Janesville parents with a perception of this fact sincerely appreciate what is being done for their children. The stories to be told tomorrow are the "King of the Golden River," "Spinahondas," and the "Little Hero of Harlem."

DELIGHTFUL RECITAL FOR SCHUMANN CLUB

The Schumann Club and its invited guests filled Library Hall yesterday afternoon to listen to a piano recital given by Miss Carol Robinson, of Chicago. This young artist was favored from the audience at once by the simplicity of her manner. This was followed by admiration for her musical attainments which are of a very high order indeed. One seldom hears a young player able to deal successfully with such an exacting program as she presented and there was always a feeling of security, even in the most brilliant passages that certainly made for enjoyment to her listeners. Miss Robinson's playing is also characterized by a rich mellow tone, faultless pedaling, abundant technique, much fire and brilliancy, all controlled by a keen intelligence. Miss Robinson is a pupil of Pauline Bloemfeld Zeller, and her program confirmed the impression of excellent schooling, added to great natural gifts.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning. Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gasses—turn them out tonight and keep them out with Cascaret. Millions of men and women take a Cascaret now and then and never know the misery caused by a lax liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascaret cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great. Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascaret because they taste good—never gripe or sicken.

There was a brilliant assemblage of ruling princes, governors, and state officials. The foundation stone simply bore the date 12-15-11. Their majesties both are enjoying splendid health in spite of the great fatigues they have undergone during the lengthy ceremonies of the durbar.

The Most Severe Cold and Grippe Misery Will Be Relieved in Just A Few Hours. You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges. Take this harmless Compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

STRIKE A MATCH FOR A LIGHT NEXT TIME BEN!

BY HERRMANN

MARVEL AT CHANGE
IN MAN'S HEALTHROSENQUIST SHOWS WONDERFUL
IMPROVEMENT SINCE START-
ING THE UNITED DOCT-
ORS' TREATMENT.

SICK TWELVE YEARS

HAD CATARRH OF THE NOSE,
THROAT AND STOMACH AND
SUFFERED INTENSELY.

Work—honest toil—either of body or brain is full of pleasure, not pain, for the man or woman of vigorous health.

"There is glory in strife." The world mirrors strong men and women. Health gives energy and grit and yields its treasures to men and women—those full of courage and action. Time and this wait for no one. The present and future is what one must look to. Health is the foundation to all real success or pleasure in life.

In the battle of life, the weak do the drudgery and have as a rule little pleasure in life, while the strong and healthy have the best this world can give. Twelve long years of suffering though doctoring continually is not conducive to happiness. Such was the case of John Rosenquist of 510 Tenth ave., South Minneapolis, Minn. Before he was cured by the United Doctors, who have their Janesville Institute in the Hayes building, corner of Milwaukee and Main st., Mr. Rosenquist says in part: "I despised even of relief and never dreamed I could be cured—but two weeks' treatment with the wonderful United Doctors treatment has changed my ideas. I went to them as a last chance for my system was completely broken down. I want my friends and other sufferers like I used to be to know where to go for a cure and therefore make this statement of how the United Doctors have helped me, published."

The above statement is but one of thousands the United Doctors have received. Hundreds of Wisconsin people have been cured by these expert medical specialists in their Racine and Eau Claire, Wisconsin, Institutes, and soon the Janesville Institute will have gained an equally enviable reputation. Anyone suffering from any chronic ailment or disease can do no better than to consult them immediately. Their grand offer of free examination, free consultation and free treatment, except for bare cost of medicine is open to all until December 20th. This is not free treatment merely for the few days of the offer, but free treatment until cured, regardless of the length of time. The last few days hundreds have already taken advantage of it. The Janesville Institute is here to stay and will without doubt gain great prestige here as in other cities where they maintain permanent Institutes.

INVITATION SENT OUT
TO ANNUAL LAKOTA BALL.

Club have received invitations to the annual dance to be given by the club on Tuesday, December the twenty-sixth. The invitation committee fears that in issuing them it may possibly have overlooked the names of some friends of club members, and in this case, those not remembered formally are to consider themselves invited. The annual Lakota dance is one of the most prominent social affairs of the winter and a larger attendance than ever before is looked for this year.

GOOD BASKETBALL
SEASON IN PROSPECTSix Teams in Eastern Inter-Colle-
giate League This Year. Dart-
mouth the Latest Comer

New York, Dec. 15.—Everything is in readiness for the opening tomorrow of what is expected to be the most successful season of basketball since the sport was taken up by the big Eastern colleges. There are six teams in the intercollegiate league this year, Dartmouth having been added to the original five—Yale, Pennsylvania, Columbia, Cornell and Princeton. Never have six teams seemed so evenly matched at the start of a season as do the entrants for this year's college honors. Columbia, winner of the championship last year, is well satisfied with the outlook. Dartmouth, the newcomer in the ranks, faces the season with excellent prospects. Cornell believes it has a winning team, and optimistic reports have been received from Princeton and Yale.

In the coming series tomorrow Princeton and Cornell will play at Ithaca, Columbia and Dartmouth at Hanover, and Pennsylvania and Princeton at Princeton. During the season each team will play one game at home and one abroad with each of the other teams, and an exciting series of matches is in prospect.

Fights Scheduled for Tonight
Joe Jonetta vs. Nat. Dowey, 8 rounds, at Chatainoga. Battling Nelson vs. Bobby Wilson, 10 rounds, at Utica. Phil Brock vs. Harry Donahue, 12 rounds, at Canton, O. Also Attoll vs. Tommy Mouck, 12 rounds, at Pittsfield.

CARDINALS TO PLAY
COMPANY "C" TEAMAggregation From Whitewater Will
Play Star Janesville Team at
Rink Saturday Night.

Indications for a fast game between the Lakota Cardinals basketball team and the live representing company "C" of Whitewater at the rink tomorrow evening are exceptionally promising. The game is the second of the season and will be of special interest to local enthusiasts. Other games are being scheduled and Manager Langdon is now certain of an excellent schedule.

Headache?—It's Your Liver

Too Many People Take Headache
Powders When a Liver
Tonic is Needed.Try Olive Tablets—the Substitute
for Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of its bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound, mixed with olive oil, sugarcoated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own."

Heart to Heart Talks.

THE BLESSING OF DEBT.

Are you in debt?
Most persons are. And with most of us it is a good thing to be under obligation to creditors.
A debt is a load that holds one steady.
We are like horses who need not only the load, but the spur. The debt is the load; the creditor is the spur.
Debt is often a blessing in disguise. It arouses within us the divine force that makes for winning.
Balzac would write only when he was in debt. And usually he was in debt; therefore his long shelf full of books.
We, like Balzac, need sometimes to feel the spur in our flanks.
Who can say what treasures of Sir Walter we might have missed had not Scott been under the necessity of paying his debts?
Or what should we have had from Gohamith, who "wrote like an angel and talked like Poor Poll" and who was always borrowing?
And our own Mark Twain.
Mr. Clemens says by nature he was lazy. But at the age of sixty he felt the spur. His publishing house failed, and though he was not under the legal necessity, he felt morally bound to pay the creditors in full.
In paying that debt what a delightful heritage was left us!
It is no disgrace to owe a debt.
The disgrace consists in neglecting or refusing to pay.
You may reach an honest man in no more tender spot than to send him his bill marked "Please remit" or to have the collector call more than once.
He wants to pay. It hurts him to disappoint or fail. He will do his best.
If the debt is made with likelihood of payment and the desire to meet the obligation it is a blessing, because—
Lacking capital, the average man would get nothing ahead. But by going in debt he buys something, buckles down to the job and pays out, becoming by so much a capitalist.
It is hard sometimes, but—
When the load is landed at the end of the road the sting of the goad is forgotten.

The Diet.

Do not destroy the digestion by being careless about food. Eat good, easily digested food at regular hours. Let milk, eggs, fruit and vegetables enter largely into the diet. The heavy meal of the day ought to come in the evening when there is time to rest after it.

Who Pays for This?

A man who had served 18 months of a five-year term has just been released from the Western penitentiary because it was shown that his con-

Baker. The funeral was under the auspices of the Nashville order, Rev. D. Q. Grubill, as minister officiating. Interment made at Maple Hill.

Council Affairs.

At the recent meeting of the city Council the storm sewer was accepted and paid for. Also a petition for the opening of a street from South Second street to the fair grounds was read and discussed. The latter matter was referred to the committee to be taken up at a future meeting.

LYMAN H. HOWE COMING.

Truly the distinctions of caste among Oriental races present all understanding. The conflict of religious beliefs especially in India has caused more wars than all other causes combined. Today the perplexing caste problem vexes the British government as much as ever. It requires more tact and diplomacy

It came during the coronation pageant of George V. Lord Kitchener, who was in supreme command of the pageant, was responsible for it. He understood India and Indian rulers probably as well as any white man can hope to understand them—but among the multitude of details he forgot some of the pre-judgments of some native Indian rulers.

HARRY BULGER IN "THE FLIRTING PRINCESS."

cession, but beneath the fine physique of at least one of them, there was walling and gnashing of teeth. It was the Nawab Begum of Bhopal. He was assigned to a position in the pageant which brought him perilously close to an "unregenerate" though equally powerful native ruler. If only the shadow of the latter fell over the Nawab Begum of Bhopal, the said Nawab would lose a thousand years of paradise for every minute the shadow rested upon him. And the Nawab was not there to take any chances on jeopardizing his prospects in eternity. So he became very emotional and gesticulated wildly until he was assigned elsewhere—safe from the dreaded shadow, but not till his time in paradise (as he believes) has been curtailed 1000 years because the despised shadow rested upon him a full minute.

"THE FLIRTING PRINCESS." Pure joy, swaying the rhythm of pure joy, including lighting the ear with delightful ecstasy; and a cast of principals that should all be featured, tells the story of "The Flirting Princess," in which Harry Bulger is starring under the management of Mort H. Singer, and which comes to the Myers theatre, Wednesday, Dec. 20. And we must not forget the chorus. Never before has such a delightful, airy, fairy bunch of femininity taken to the road. Where Mr. Singer rounded them all up will always remain a mystery. In fact, taking all in all, "The Flirting Princess" is one of the best musical productions.

Mean interference. Bland is very proud of his prowess and upon occasion is a trifle quarrelsome because of his assumed powers with his fate. It was rumored that he and Dabbled had had a near fight at a little dinner recently given, and Tompkins, desirous of getting at the truth of the matter, broached the subject at the club. "Yes," said Bland, getting very red in the face, "Dabbled and I nearly came to blows. I wanted to lick him then and there, and I'd have done it, too, if I hadn't been grabbed from behind and held me back." "Really?" said Tompkins. "Who was it grabbed you from behind and held you back?" "Dabbled," said Bland gloomily.—Harp's Weekly.

CHRISTMAS is a delightful institution; it is the season of the year when the best that is in us gets the upper hand; when the higher impulses of the heart triumph, just for the little while perhaps, over the harsher, less agreeable qualities in our natures; when the purse-strings of the close fisted and the spendthrift alike loosen in the common cause of disseminating happiness and good cheer; the joy of giving far outweighs the pleasure of receiving, especially if one's gift be of a practical, useful character, of genuine worth, of lasting rather than temporary benefit.

REGARDING THE LAST COUNT.

The last vote count, to be made by the campaign manager, will be made tomorrow morning at 9 o'clock, and the results, as will appear the following Monday, December 18, will remain unchanged through the end of next week. After the count tomorrow morning at 9 o'clock the ballot box will be locked and the key deposited in the Rock County National Bank. Although the box is to remain locked and unopened all of next week up until 8 p. m. Saturday, December 23, votes may be deposited through the opening cut in the top of the ballot box. No person will know the number of votes put in the ballot box from 9 a. m. December 18, until 8 p. m. December 23. At that hour the key will be delivered to the four Janesville bankers who will break the seal on the lock, unlock the box and make the final count in full view of all. Each candidate may deposit her reserve votes in the ballot box at any time from 9 a. m. Saturday, December 16, to 8 p. m. Saturday, December 23, and no person except herself will know the number of votes she ballots until the judges make the final count directly after the closing hour of the campaign--8 p. m. December 23.

It is now high time for all candidates to get after the promised ones--only eight days remain. But little over one week is left before this great prize campaign will come to a close. Interest is intense, and all the candidates and their friends are breathlessly awaiting the end of the big battle of votes. Almost all are confident of victory and those who are not now in the lead are sure of forcing to the front some time before the windup by virtue of the reserve votes which they have up their sleeves.

The great campaign has now come to the question of days, and from this evening only eight of them remain. The great good natured battle of votes which has extended over the past seven weeks has reached its end. The candidates are pouring into the Gazette office at an unprecedented rate and thousands of votes are going into the treasury. On Saturday night, December 23, these reserve votes will be exposed for the first time, and upon them depends largely who will be the lucky candidates. Persons who have promised to vote for some lady in this event should do so by subscribing for The Gazette in the next seven days. A little help now will be worth a barrel of consolation after the campaign is over.

Eight days is not a very long time but it is going to be filled with the greatest possible interest and enthusiasm on behalf of the general public. There was never an event held in this state which excited the interest of so many people as this campaign, and no wonder. There are over 150 ladies directly interested in it and there are hundreds and hundreds of people working for the candidates. The eight days which remain in this campaign will be the most spirited of all and will count more than all the previous time combined.

Read This Carefully.
Any one starting to take the paper since the campaign started will always be considered a new subscriber during the life of the campaign and votes given accordingly. If you start the paper now and pay something in advance and wish to pay more later during the campaign you will receive the same number of votes as a new subscriber.

About Second Payments.
One point that the management feels should be made clear to all candidates is the manner of issuing votes upon second payments to The Gazette by one person and candidates are requested to note carefully the following: For example, when a person has paid for one yearly subscription to The Gazette during the campaign and decides to subscribe for another year, the votes based upon the payment of the second subscription will amount to the difference between the number of votes given at the time of the first payment and the total amount which would have been given had the subscriber turned in a 2 years subscription in the beginning.

For instance, if a man subscribes for the paper one year under the first scale of votes, votes would have been issued upon the payment of that subscription to the amount of 4,000 new, by mail. Should he decide to take out another year's subscription at this time votes would be issued to the amount of the difference between the 4,000 to which he was entitled upon the first payment, and the amount to which he would be entitled by the payment of a two-year's subscription at that time--18,000, or 14,000 votes. Then using a coupon will make this payment total 22,000 votes. Always give the date of the first pay-

ment when handling in a second payment, as that governs the amount of votes due. The scale in force when the first payment was turned in governs the scale used on the second payment.

When sending a second payment be sure to mark on stub, second payment and the number of votes received on the first payment.

Candidates will do well at this time to induce subscribers who have purchased a subscription for one year earlier in the campaign to subscribe for a second year, thereby securing the same number of votes that would have been secured, had the subscription been for two years. The first time it was turned in.

You will mail or carrier boy receive the difference of votes on old subscriptions as well as new, under this same process. The coupon may also be used on second payments turned in now as well as first payments turned in now.

The Troublesome Quail.

"This quail is finely prepared, dear!" said the young husband enthusiastically at table.

"Oh, I'm so glad!" returned his delighted wife. "I was afraid you would refuse to eat it after all the trouble I had with it."

"Refuse to eat it? Nonsense! But what trouble did you have with it, dear?"

"Well, when I was sliding it out of the oven it slipped and went into the coal scuttle, and then I had to chase Towser over into the next yard before I could snatch it out of his mouth!"—National Magazine.

Gallant.

Husband—You are quite comfortable, dear?

Wife—Yes, love.

"The cushions are easy and soft?"

"Yes, darling."

"You don't feel any jolts?"

"No, sweetest."

"And there is no draft on my lamb, is there?"

"No, my ownest own."

"Then change seats with me,"—Ideas.

Circumstances Alter Cases.

"I ran across an old friend of mine lately, and he was not a bit glad to see me."

"Why not?"

"Because I ran across him in my automobile."

He Simply Can't.

How can a right feel him and hearty. When he's spent the night at a poker party?

DIFFICULT WORK.

Mrs. Gussner—Oh! I adore painting! Which is the greatest work of art!

Orville Dauber—Selling my paintings, madam!

SMALL CHANGE NOT ENOUGH.

Hewitt—The doctor says I need change.

Jowett—You'll need more than change; you'll need bills if you go to him often.

Gentle Amenities.

He—I believe in birds of a feather going together. That's why I like larks.

She—if you really believe in that principle, you would go with the larks.

Telephonic Test.

"That new stage curtain won't answer."

"It won't?"

"No. They found that out when they tried to ring it up."

The janitor is courteous now.

The bellboy, too.

Obsequious is the barber's bow.

When he gets through.

His flustering over your raven hair.

On every side.

You meet with truly loving care.

At Christmastide.

Find a barber.

The bootblack piles a busy whisk.

On unseen dirt.

And every one is prompt and brisk.

And never curt.

Politeness is with all the rule.

For they—ahem—

Devoutly hope and trust that Yule.

Remember them.

FORTY YEARS AGO

The Janesville Gazette, Dec. 15, 1871.

The Janesville Journal says: "Not for years has there been such an inundation of wandering tramps and vagrants in this city as this winter. Scarcely every night the jail holds two or three of the unfortunate who crave shelter from the cold. In 1857 there were about as many as now, but in those days they put up at the old Racine House."

The thermometer indicated sixteen degrees above zero at seven o'clock this morning, and thirty above about two o'clock this afternoon.

The Young Men's Relief Association shipped yesterday, also and a quarter dozen pairs of mittens to the northern sufferers.

The sight of farmers' wagons loaded with beef and pork, cut up into retail fragments, is good for the eyes of those who prefer to buy meats at reasonable prices.

W. T. Van Kirk shipped to the Lake Superior country this morning, about a hundred pounds of poultry in the package. There will be a Christmas up there this year.

A Second Ward boy has sworn off sliding down hill until the Fourth of July. He stated carried him under the wheels of a wagon and his friends had to hire an omnibus to carry him home.

Governor Fairchild arrived this afternoon in advance of the legislative visiting committee, and is stopping at the Myers House.

The first Indian lumber camp, under the new arrangement for disposing of the pine on the Wisconsin reservation, is in full blast. The present plan which finds favor among the

Indians, is to establish lumbering camps on their lands, and the timber that is gotten off during the winter is sold to either mill men on the banks or in the boom, at Oshkosh. Thus, the Indians are furnished with employment as they do the principal part of the work, while the money realized from their sale goes to the general fund appropriated for their use.

UNCLE WALT

The Post Philosopher

Copyright, 1909, by George Matthews Adams

BY WALT MASON

I stood before the county jail, and said that suffrage ought to win. "The woman's better than the male," I cried; "to float her is a WOMAN'S sin." She has more wisdom, more and more sense than any man who walks the earth; and all the world, a few years hence, will have to own her sterling worth. A woman always loves the good, and hates the false, the bad, the vile, for conscience she's always stood, and looked on merit with a smile. Then came a long parade of dainties, who halted at the prison door; they bore upon their graceful frames a ton of lovely flowers or more. I asked the jailer why they brought these floral tributes to his den. He answered: "Well, you know we've caught that dead who slow a dozen men. We have him fettered safe, by jing, to hold him till the hangman comes, and every day the women bring him orchids and chrysanthemums."

Test for Diamond.

To test diamonds the following is given: "Make a hole in a card with a needle and look at the card through the diamond or imitation. If it is a genuine stone you will see but one hole; if it is an imitation you will see two holes. Or, place the object to be examined on your finger and with a magnifying glass look through it. If genuine you can not see the grain of the finger; if imitation you can see the grain perfectly."

The Skin and Not the Blood.

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin, and the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy. Reliable Drug Co.

European Centenarians.

Centenarians in Europe are much more numerous in the south than in the north, according to the investigations of a German scientist. From statistics he has collected it appears that Bulgaria has one centenarian in every hundred of the population, while Germany can barely muster one in a million. Germany, in fact, has only 70 such patriarchs, compared with Bulgaria's 3,882. Rumania has 1,074, Servia 573, Spain 410, France 213, Italy 187, Austria-Hungary 113, Great Britain 92, Russia 83, Norway 23, Sweden 10, and Belgium 5.

THANKSGIVING DAY; ITS APPRECIATIONS.

Unthankfulness is Dangerous.
The Thankful Are Blessed.

Pastor Russell Says That All Should Join With the Psalmist David, "Oh, Give Thanks unto the Lord, For He is Good: His Mercy Endureth Forever."—Psalm cxxxvi, 1.

Now Haven, Conn., Nov. 26th.—Pastor Russell of the London and Brooklyn Tabernacles preached twice here today. We give a synopsis of his discourse on Thanksgiving from the text above quoted.

With more cause than ever for thankfulness, Christendom is losing the sentiment of gratitude to God, and Thanksgiving Day is to many merely a holiday. In religious matters in general, Christendom is rapidly approaching the conditions prophesied by St. Paul, when men would preserve the form of godliness but deny its power. (II Timothy iii, 5.) The cause of this the pastor traced to the increasing intelligence of our day which, along religious lines, has cut loose from the Bible and proportionately cut loose from the true God.

Higher Critics, not content with the rejection of the creeds of the Dark Ages, have attacked the Bible, prejudiced against it by the inconsistencies of the creeds. Thinking to render assistance to humanity and to the Truth, they have for fifty years been quietly and successfully engaged in undermining the faith of Christendom in the Bible as a Divine Revelation. They claim for themselves a similar inspiration to that of the Apostles, while they ridicule the thought that holy Prophets of old spoke and wrote as they were moved by the Holy Spirit of God.—II Peter i, 21.

Evolution and Higher Criticism. Rejecting the Bible as a special Divine Revelation from a personal God, the next step of the Higher Critics was an easy one—to proclaim nature the god and creator of all things—impersonal god. Thus they were just in line for Darwin's theory of Evolution—that nature is god and work is the law of nature—the survival of the fittest—and the fittest the most pugnacious and overbearing, and selfish and scheming.

Thus we have gradually reached the place where the masses of Christendom doubt the existence of a personal God, and are inclined to believe in a blind, brute force—a nature-god—and to hope that by some process of evolution their children's children, in the far hereafter, may attain to something better than the present; but they see not even the assurance of a future life for themselves, any more than for the brute creation.

Unthankful, Unholy, Covenant-Breakers.

This explains to us why the masses feel little interest in Thanksgiving Day, except as a holiday. They have lost their God—the living and true God—a Heavenly Father. Under these circumstances, declared Pastor Russell, it is not strange that they are unbelievers—that Thanksgiving is becoming a mere formality, that the churches are nearly empty and the prisons overflowing and many of the world pleasure-mad. St. Paul's words, "without God and having no hope in the world," surely fit the majority of Christendom today. These conditions breed the reverse of thankfulness, namely dissatisfaction. Thus we see the world enjoying blessings as never before, and discontented as never before. The opening of the eyes of understanding to the fact that our race is one, and that the blessings of earth belong equally to all, is now coming to men. These are great truths. With this knowledge should come an appreciation of the Divine supervision of the earth's affairs, and a knowledge of the Divine intention to rectify all the inequalities and inequities of the present time in a future Age.

Since the desire of all mankind is happiness, our college men are unphilosophical in proclaiming a theory which is destroying happiness, and

which threatens shortly to destroy our civilization through anarchy.

What Unthankfulness Costs.

We may be sure that unthankfulness today will bring upon man, naturally, a great curse—a great calamity. We see it coming! Unbelief in God means more trust in self—means more discontent—means strife to attain the things coveted—means anarchy—means the disruption of our present social system, as the Word of God foretells. (Daniel xii, 1.) Read at your convenience the Apostle's argument on this subject.—Romans i.

The silver lining to the dark cloud in the Divine promise of rescue, after the world shall have learned a lesson for eternity. The Scriptures assure us that the time of trouble and anarchy will be followed by the establishment of Messiah's glorious Kingdom—the binding of Satan—the letting loose of every good influence and the true knowledge of God—the rising of the Sun of Righteousness, with healing in its beams. That glorious time must be waited for.

Ezra Teaches the Law, Neh. viii.

Golden Text—The law of the Lord is perfect, converting the soul. Ps. xix:7.

(1) Verses 1-5—What can be said for, or against, the churches in the community uniting at least once a year, in a camp meeting, with no other object but to quicken spiritual life and get sinners converted?

(2) Where was this great meeting of the Jews held, and what was its object?

(3) What answer would you make to the statement that it is the duty of the churches in the large centres to have street meetings?

(4) What results will surely follow, when all the people are eager to have the law of God read to them?

(5) How long did the first meeting last?

(6) There is a general demand for short sermons; what is this a sign of? Is it poor or uninteresting preaching, or a growing lack of spirituality on the part of the preachers or people, or what?

(7) Verses 6-7—Which is the more becoming and natural in public worship, and why, the hushed silence which generally prevails with us, or hearty and glad responses as in this case?

(8) If our public prayers were more of the "and Ezra blessed the Lord" type, out of jubilant hearts; how long would it take to get the people to respond as these worshippers did?

(9) Ezra had at least fourteen helpers, besides the Levites, to assist him in explaining the law, each no doubt having a class to himself; what resemblance is this to modern Bible classes?

(10) Why is it that there is not the same realized obligation resting upon church members to attend classes where the Bible is studied, as to attend the regular church service?

(11) Is our present method of oratorical and textual preaching a success as a teaching agency? Give your reasons.

(12) Verse 8—What agency, other than the Bible School, is there in the Christian church of which it can be said, "So they read the book, and caused them to understand the reading?"

(13) Verses 9-11—What made the people weep so much?

(14) Why have sinners a reason to weep, when the word of God is brought home to them?

(15) When we, by the grace of God, have put ourselves in harmony with God's law, is it right for us to weep over our past sins?

(16) Why is it a duty, as well as a privilege, for us to rejoice and be glad?

(17) Is it still right for us, and why, to hold feasts and banquets, and get joy out of eating and drinking? (This is one of the questions that may be answered in writing by members of the club.)

(18) Verse 12—What provision is being made to-day for feeding and clothing the poor?

(19) Verses 13-18—Is preaching or singing, or praying, or study of the

FEVER-COOLING DEVICE

Pipes Carrying Cold Liquid Surround Patient's Body.

A Misanthropic man has gone a long way farther than the inventors of his kind of "patents" have, and has designed a cooling apparatus which encloses a person's entire form. For the treatment of fever cases it should prove a great help. Two long rubber pipes start at the patient's head, and pass down along his sides, to below his feet. Rubber pipes run along the sides of his head and under his arms, so that he is completely surrounded by

the apparatus. The cooling liquid, whatever it may be, is conveyed to the tubes through a pump, which runs from the bed to the tank holding the liquid, which stands on a chair nearby. Ordinary ice water makes a very effective cooling agent, and the apparatus can be attached to make cooler. In fact, it was probably intended to use ice water in the pipes almost exclusively.

Initiative.

"It's too mean that a trying something new that gets laughed at every time. And he is generally right—the rest are wrong. Somebody has got to begin and be guyed like a fool, and hide and starve, and out his heart out—and then after years and years the rest of the world that was too lazy to do its own thinking comes strutting up to pat him on the back and invite him to dinner—and everybody comes in on the chorus: 'I told you so!'"

Time's Greatest Evil.

The greatest evil of the times is not the love of pleasure, but the love of ease.
